

Obols | cuttable counters

50 mm

Denominations are printing conveniences. 12 x 1, 6 x 5 and 2 x 10 obols. Total printed value: 62 obols, not a rules cap.

Unlimited overflow tally

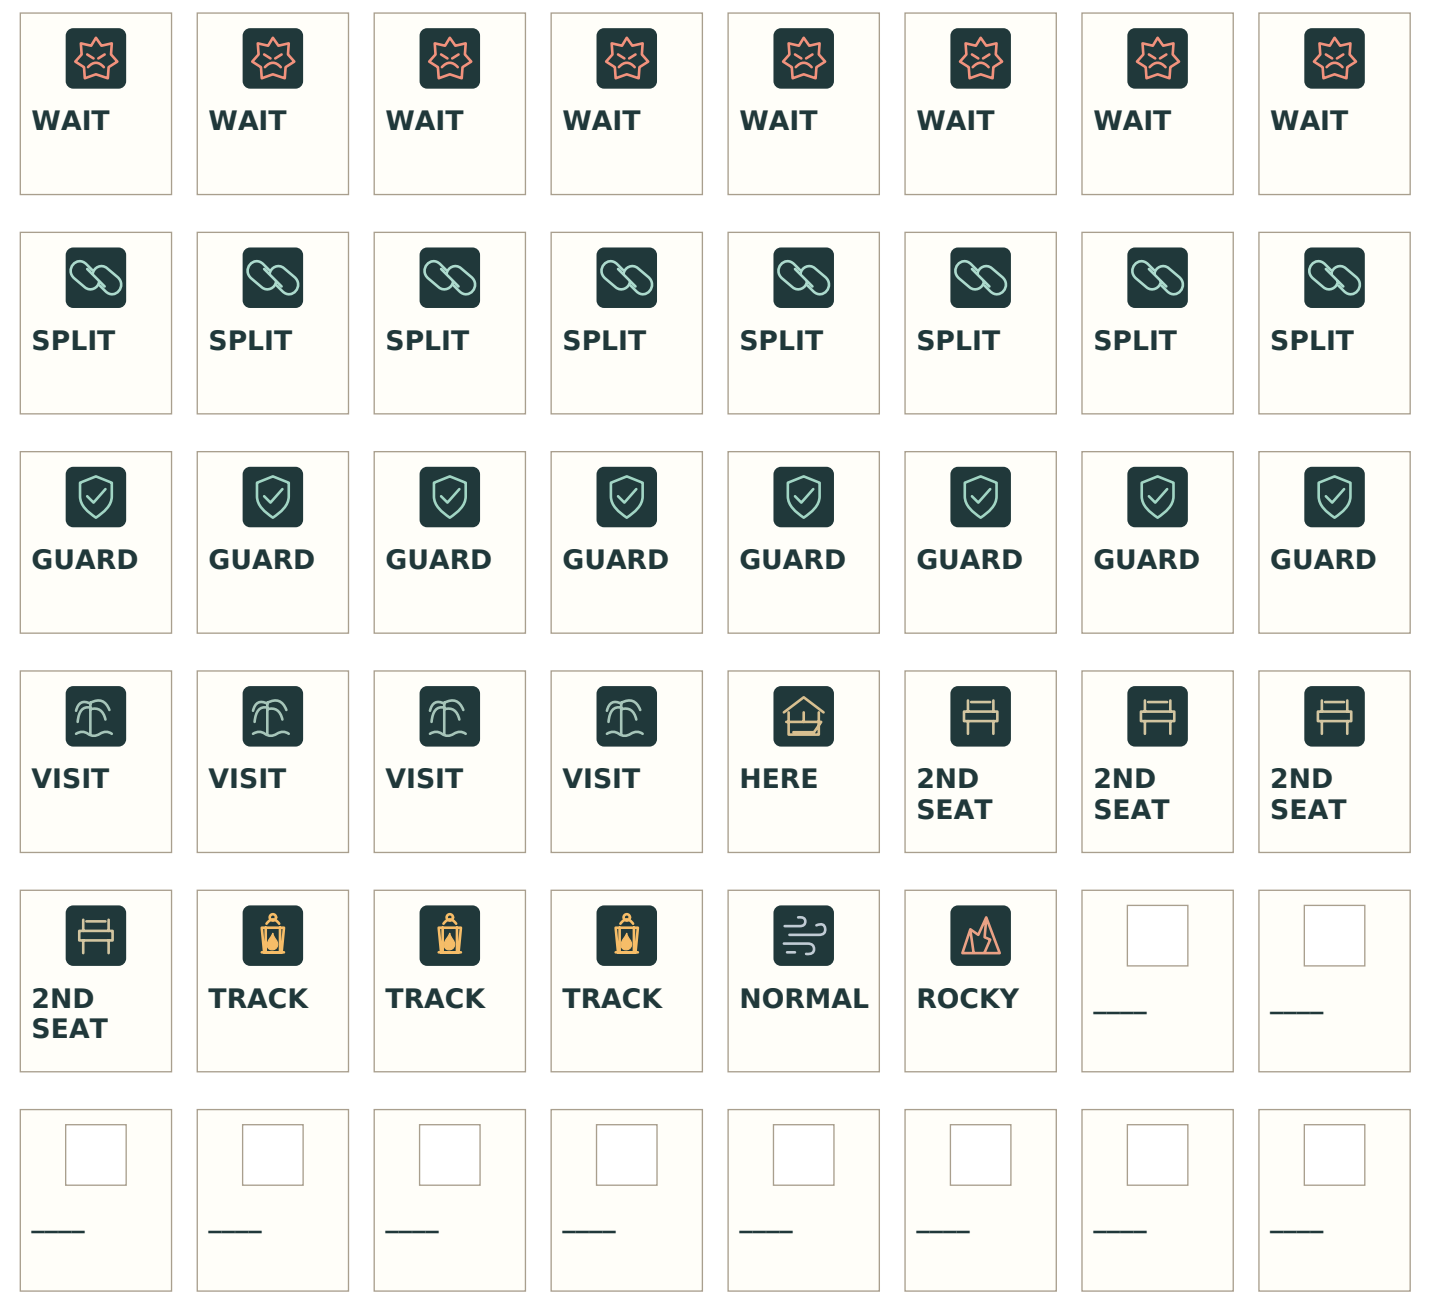

Write extra obols on the resource dashboard or another sheet.
Exchange counter denominations freely without changing the total.
Start with 2 obols. Spare counters are supply, not starting money.

Extra tally sheet number: _____ Extra obols held: _____

Status markers | cut rectangles

Shapes + labels carry meaning in grayscale. Printed quantities never cap the rules. Use pencil marks or reprint extras.

WAIT / W: in the shore-departure waiting snapshot. SPLIT / S: a linked partner departed aboard. GUARD / P: prevent normal anger only. VISIT: stop already visited. HERE: current location. 2ND SEAT: occupy an extra capacity slot; write its matching slot number on the mat.

TRACK marks light, hull or reprimands. NORMAL / ROCKY selects an edge variant. Flags and unlimited identity records live on the tracker sheets. Blank markers can replace exhausted supplies.
